

HILL AEROSPACE MUSEUM

HILL AIR FORCE BASE, UTAH

Student Activity 3

Discuss which items the students can fly now and the ones which they can fly when they are older. Take a few minutes to talk about what it might be like to be a pilot or a hot-air balloonist and how the students might get to be one. Ask if they know any pilots or balloonists. If they have flown, ask them to describe it. What did they notice? How did they feel?
