

KUDER® ELECTRONIC CAREER PORTFOLIO

The Kuder® Electronic Career Portfolio helps individuals pursue their career interest results by professionally recording their education, abilities, experience, and more!

Whether beginning career exploration or researching and applying in the job market, the Kuder® Electronic Career Portfolio is a valuable resource for career guidance and information delivery.

Individuals may guide themselves through easy-to-use portfolio pages, entering information within the following categories:

Personal Information

Education

Employment

Extra Curricular/Community Activities

Special Skills

Career Development Assessment Results

References

Career Exploration & Favorite Sites

With a click of the mouse, information from an individual's portfolio is transferred into a standard resume.

The resume may be printed in the standard format provided, or saved to another program for additional editing and customization.
