

# Hill Air Force Base, Utah

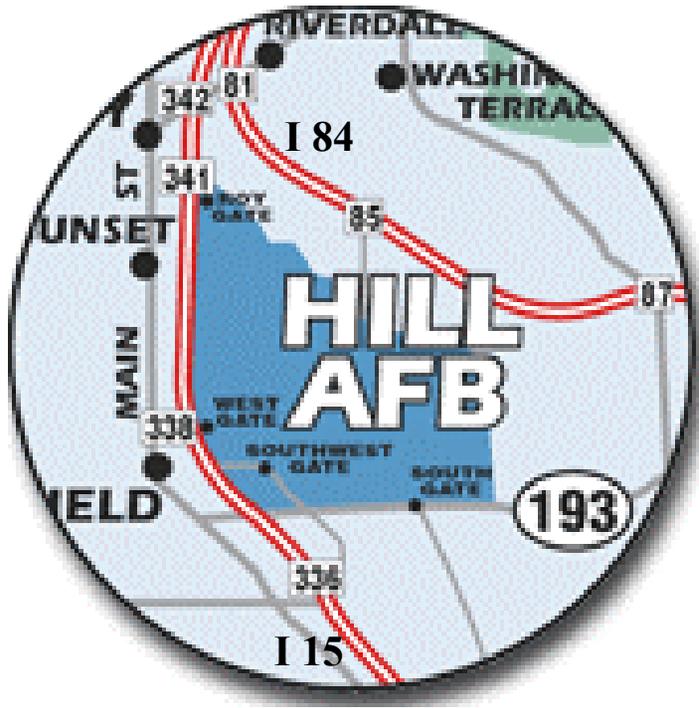

Ogden Air Logistics Center

**Innovation  
and Excellence**

**WELCOME to [Hill AFB](#). We hope your stay here is both productive and enjoyable. Hill is a major Air Force installation. As such, all of the amenities such an installation can provide are available. The base is divided into two main areas: the East Area and the West Area. The East Area is where you will find the BX, Commissary, Clubs, Clinic, Gym, etc. Also, most of the maintenance functions are in the East Area. The West Area contains mostly logistic and administrative functions as well as the Defense Mega Center Ogden, the Poe Conference Center, and the OO-ALC Commander's office.**

**Getting to Hill AFB is easy. It's located right off Interstate 15, about 35 miles north of Salt Lake City. You can enter the base 24 hours a day, 7 days a week through the South or West Gates.**

**To the north of the base, the closest major city is Ogden. Surrounding Hill are numerous small towns. There is no real division from one town to the next. Just about anything you need can be found in these open and friendly business communities. Salt Lake City is the capitol of the state as well as its dominant economic, cultural, and entertainment center.**
