SECTION D – General Information

Air Force is replacing the long-used FormFlow software with the new Information Management Tool (IMT) software from PureEdge Solutions Inc. As a result all Air Force forms, which includes our Hill AFB (OO-ALC) forms, are being converted to the new PureEdge Solution and the FormFlow designed forms as we know them will be phased out. The following Hill AFB IMTs have been released for use and are hosted along side the FormFlow forms on the Hill AFB eForms/IMTs web site. Approximately 60-days from the release of the IMT versions the FormFlow versions will automatically be removed from the web site making the IMT versions the only authorized versions to be used.
